**JVT Pays Gross Receipts**

One of the benefits of doing business with JVT is that the company provides support to your local school districts through a variety of sponsorships and donations, and through the payment of gross receipts taxes.

Each year your cooperative pays gross receipts taxes on all the revenue that the company collects. These taxes are then distributed to the school districts in each of the counties where the revenue was generated.

In 2010, JVT paid a total of \$418,623 to thirteen area school districts.

When making decisions about your telecommunications purchases, take into consideration whether the company is a local entity such as JVT who provides monetary support each year to the schools in its service area, or whether it is in fact a national or regional company who does not provide such tax payouts. Shopping local pays!

**Getting the Network in your mailbox is great, but why not also get it in your inbox!**

Frederick Area	\$13,764
Britton-Hecla	\$14,640
Edmunds Central	\$101
Doland	\$12,852

## Calling For Cash

This fall James Valley Telecommunications sponsored Calling for Cash contests at area football games.

Any fan attending the game could sign up their cell phone number for the chance to win \$50! One number was drawn and called. If the owner answered, they won \$50 cash. JVT also provided a donation to each school who hosted a contest.

Pictured below are Calling for Cash winners Chelsey Plamp (Frederick), Janet Wanttie (Roncalli) and Kandace Stickler (Doland). Congrats to the winners!

## JVT Sends Out Capital Credits Checks

One of the greatest benefits of being a member of a cooperative is the allocation and payment of capital credits.

Because JVT is a cooperative, any income above JVT's expenses is allocated back to the patrons based on the percentage of business that each customer does with the co-op.

Each year JVT members receive a notice of capital credits they earned during the previous year. This year the notice was sent in September, informing you of the capital credits you earned during 2010 and what your accrued balance was for the unretired years you have taken service.

In October of each year, JVT conducts a board approved capital credit retirement for a portion of the total accrued balance. **Your membership in JVT and your services purchased from JVT are the reasons you are receiving the enclosed check.** This year's check is payment for accrued patronage with JVT at the following percentages for the years listed:

- 2010 – 10% of accrued balance
- 1998 – 15% of accrued balance

**Capital credit retirements reduce the cost of your JVT services.** Every year that JVT is profitable, each JVT member receives an allocation of profits based on the amount they paid for services in the prior year. This effectively makes your cellphone, local dial tone, long distance, video, and Internet rates lower than what your monthly billing indicates.

The more business you do with JVT, the more money you will receive back as capital credits.

**JVT's office will be closed Thursday,  
November 24, for Thanksgiving.**

**Have a safe and happy Thanksgiving!**
